#### The Security Keyhole

Anti-shear and anti-pry, and can be locked to ensure the safety of the equipments in the box. Beautiful and functional injection molded, durable use with the solide construction, and was reinforced by the stainless steel.

#### Easy To Open With Latches Design

Smarter and easier to open than traditional cases. Start the release and offers plenty of leverage to open with a light pull in just seconds.

#### Portable Handle Design

Easy to go with our portable handle design. Ergonomic structure design to ensure beauty and comfort. Durable use with the solide construction.

#### High Quality Auto Exhaust Valve

Solve the problem that the box can not be opened or deformation due to the difference of internal and external air pressure and keep water molecules out.

#### Customizable Fit Foam Insert

Foams are extremely well padded inside the cases, with the ability to be cut according to your needs; keep objects snugly in place during transport, and protect the objects from the shocks and bumps on the road.
